

The Hardest Hit

Hardest Hit Comes to the North West

Disabled people, those with long-term conditions, and their families, are being hit hard by cuts to the benefits and services we need to live our lives. Come and join us at a peaceful rally to show your support, and to tell the Government that cutting our services and support is not the 'right thing' to do.

When: Sat 22nd October 2011 - 2-3pm

Where: Albert Square (outside Manchester town hall), M60 2LA

Speakers & entertainment to include:

- Disabled people and campaigners affected by these proposals
- Tony Lloyd, Labour MP for Manchester Central
- Broken of Britain will deliver their "I have a Dream" speech
- Entertainment provided by local musicians and comedians and lots more on the day!

Sign our petition!!

Don't let disabled people pay the price for welfare reform. Sign this petition to show your opposition to disabled people being the hardest hit. We will hand this to local decision makers on the day.
