You do not need to have 10 players – between 6 and 10 is ideal. If you have more than ten players please feel free to submit two teams to the competition. Members can be any age from 8 to 80+ and we recommend that teams have a mix of ages and strengths.

TEAM IDENTITY

We highly encourage you to create a team identity and uniform to join in the spirit of the games. This year we are asking Teams to work on a 'Tribal' theme. Teams will be introduced by announcers, so feel free to come up with any introductory performance for your team that is no longer than three minutes long.

GAMES

Most games involve between one and four players. You will need to allocate players for each game, which can be done on the day. All ages will be playing so some games may have 'handicaps' for age.
