Is Recruit into Coaching for me?

Have you an interest in finding out more about coaching?

Are you considering becoming a sports coach or sports leader?

Are you already helping out in a sports or community club?

Would you like help in getting the right training to help you qualify as a Level 1 coach?

Would you like funding for the cost of your training?

If any of these apply to you then you may be eligible to apply for the **Recruit into Coaching** programme. This programme provides support & training, so skill and experience is not essential at this stage, just lots of enthusiasm and an interest in sport.
